From the Desk of the Founder

Dear Friends,

We introduce ourselves as a professionally managed and scientifically organized Facility Management Services Provider. Since its inception in 2000, Advance Corporate Services has been a name to reckon with in the outsourcing industry within a short period. From a very humble beginning, the company has grown today to become one of the most reliable, recognized, and premier Manpower Outsourcing and facility management companies not only in eastern India but in pan India level. We have made organizational growth in various sectors by providing intelligence/ surveillance, firefighting, and janitorial services in addition to security services which is amongst the best in the industry.

Safety and security are a matter of grave concern everywhere from an individual level to the corporate level – all organizations, industries, corporate houses, educational institutes, commercial complexes, malls, dwelling units, and govt. offices both centre & states. Advance Corporate Services ensures the safety & security and facility management services to the users through its thousands of strong and dedicated workforces. We have started with an aim to provide safe, reliable, dedicated, and efficient means of protecting materials, machines, men, and property belonging to any individual or organization.

Today with 25 years of experience, we are providing Trained Workforce to organizations in various ranks and level as per their requirement.

Our dedicated workforce is not only ranked No. 1 in reliability, ethics, speed of response, and adherence to rules and procedures but are also specifically recruited and trained to work in clients' environments. And we do our best to provide any kind of services to our esteemed clients to their fullest satisfaction.

Expansion programs in various fields are a continuous process in our organization. Advance Corporate Services offers a wide range of comprehensive services to our clients and we focus on our resources for security, vigilance, investigation, and training through every facet of the client's organization. Our personnel are well-trained to achieve higher competence in the techniques of internal and external security, watch and ward management, surveillance, and intelligence. They are further assisted by a team of experienced and efficient managers, executives, and field officers who are trained to handle problems specific to industrial, organizational, commercial, and administrative management, etc.

Our exclusive digital incident-reporting, software programmes, video monitoring, and risk-mitigation solutions enhance and ensure the effectiveness of facility management programmes. We provide tech-savvy, digitally equipped, smartly uniformed, professionally trained, and well-supervised workforce who are responsible for the job we have undertaken for the clients. In Advance Corporate Services, we are fully committed to delivering the "Best Quality" of services, which is benchmarked by providing professionally trained personnel.

Warm greetings,
